## MSDS Tracker™ Software

We would like to contribute to your company by providing you with a very affordable **MSDS Tracker™** Software package developed by United Services Environmental.

United Services Environmental is an environmental law consulting company who has provided environmental compliance services to clients coast to coast for the past 9 years. We provide defensible documentation as well as conduct environmental compliance reporting, specializing in environmental law.

We are now offering our **MSDS Tracker™** software and service to help you organize, track, report, archive and manage your entire MSDS program with one simple user-friendly software package. We are so confident that you will be impressed and utilize our software package that we are offering a 100% total satisfaction money back guarantee for 30 days after you receive your software.

The **MSDS Tracker™** software package allows you to sort and report all your MSDS by the following criteria:

- 1) Product Name
- 2) Manufacturer
- 3) Date
- 4) Product Code of your choice

We are offering two levels of service for the **MSDS Tracker™** software:

- 1) **MSDS Tracker™** package alone, where you enter the 4 pieces of data from each MSDS and upload a file in any format for each MSDS.
- 2) **MSDS Tracker™** package pre-loaded with all your products and MSDS where we input your product information and create PDF files for all of your MSDS.

### Pricing:

**MSDS Tracker™** is available for \$359.00.

We will pre-load your software with your MSDS that you provide to us for an additional fee.

### Our Guarantee:

If you are not completely satisfied with **MSDS Tracker™**, simply return your package within 30 day of receipt for a full refund.
