Re: Business Relationship

Attn: Dermot Kerin,

As we approach our year anniversary with your company, I must state that the past year was a pleasant experience.

The lines of communication have been kept open between all involved parties. You took the time to explain the rationale for the various requirements mandated by our government and state agencies so we could better understand what was expected from our company.

Again, we appreciate your support in dealing with the various environmental issues and we look forward to working together in the future.

Sincerely,

**John F. Kohler
Vice Pres./Manager**
